State Legionnaires Wage Fight Against Unemployment Conditions

SAN FRANCISCO.—Ten thousand California Legionnaires comprising committees representing 447 Posts in the state are this week contacting employers to put the American Legion's employment program "over the top."

Torrance Teams Will Judge At San Bernardino

Torrance high school agriculture department will be represented by two teams in citrus fruit judging at the annual contest held at the National Orange show at San Bernardino on February 27.

In previous years Torrance teams have been consistent winners at this show, and S. E. Merrill, agriculture teacher, feels that his representatives this year will add new honors to the long list.

The first three individuals on each of the above teams competed at Narbonne February 10 in a triangular meet with Narbonne and Banning, with good results.

Hand Work Aids Mental Patients

By the United Press A program of treating mental patients in state hospitals and training juvenile delinquents in which occupational therapy plays a major part has been adopted by the state department of institutions.

"Occupational therapy, long recognized by medical science in the treatment of mental ill, is now being expanded in California through a systematic plan which trains patients in art subjects, cloth weaving, reed, rattan and needle work, pottery, furniture and picture making," Dr. J. M. Toner, director of institutions, said.

New Brake Law Effective Soon

SACRAMENTO.—The California Highway Patrol today reminded owners of trucks and other commercial vehicles that a new section of the motor vehicle act will become effective August 14th of this year requiring such vehicles to have brakes that meet a higher standard of efficiency. Under this section all commercial vehicles must have brakes that will enable the drivers to bring them to a complete stop within 37 feet when traveling at 20 miles per hour. The date upon which the section becomes effective was set purposely for August 14, 1933, by the legislature to give truck owners time to have the necessary adjustments made. At present and until August 14th commercial vehicles registered prior to August 14, 1929, may be operated if their brakes will stop them in 50 feet while traveling at a speed of 20 miles an hour. All passenger-carrying vehicles, however, must now be able to stop within 37 feet at 20 miles per hour.

Second Viaduct To Be Erected

Due to the fact that a second viaduct is necessary to carry traffic over the line of the Santa Fe railroad where it crosses Vermont avenue, the opening of this artery may be delayed beyond the scheduled date of opening, July 1, according to information from the county road department. Bids for the erection of this viaduct are now being advertised and will be opened next Tuesday, February 23. The cost will be shared by the county and the railroad. When Vermont is completed it will pass over this viaduct and one to be erected at Anaheim boulevard over the Pacific Electric tracks of the Torrance-San Pedro line.

Special Broadcast From Washington's Birthplace Monday

WASHINGTON, D. C.—On the site of the old Washington home at Wakefield, Va. at 10 a. m. on February 22—200 years from the hour George Washington was born—special services will be broadcast to every corner of America. Gov. John G. M. Polard of Virginia will deliver the principal address.

READY-MADE MINE GRASS VALLEY. — (G.P.) — A group of miners, working a claim near Deer Creek, northwest of here, broke into a natural cavern, the walls and floor of which yielded high gold values.
